SIEMENS

Data sheet 6GF3400-0LT01-8DA1

product type designation	**Far field MV400 ring light red 24 V**
product description	External ring light, red

MV400 LED ring light red clear Illuminant: LED 625 Nm; Lighting distance: 500 mm..3000 mm, for SIMATIC MV420 and MV440, suitable for lens protection enclosure: 6GF3440-8AC11-8AC12, -8AC13-8AC21; suitable for Lamp holder: 6GF3440-8CD01; 24 V power supply; Suitable for lamp cable: 6GF3440-8BC4, 6GF3440-8BD1; Dimensions: 142x 142x 43 mm (WxHxD), Degree of protection IP67;

product brand name	SIMATIC MV
Technical Product Detail Page	https://i.siemens.com/1P6GF3400-0LT01-8DA1
suitability for use	For ranges of illumination from 0.5 to 3 m and a flash duration of up to 10 ms
suitability for operation	for mounting with mounting plate 6GF3440-8CD01 on MV440
mechanical data	
material	metal
color	black
design, dimensions and weights	
height	43 mm
diameter	142 mm

Security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
