SIEMENS

Data sheet 6GT2898-4AA10

product type designation	**protection cap set RF68xR**
product description	Set of protective caps
	SIMATIC RF600 protective cap set for SIMATIC RF615R, RF680R, RF685R, contains 3x protective caps for antenna connection, 1x protective cap for DI/DO connection; 2x protective cover for Ethernet connection.

Figure similar

product brand name	SIMATIC RF
Technical Product Detail Page	https://i.siemens.com/1P6GT2898-4AA10
suitability for use	Unused connector for IP65 seal for UHF readers
suitability for operation	for RF680R, RF685R, RF615R
mechanical data	
material	plastic / metal
color	black / silver

Security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
